AEG

INNOVATION FOR GOOD

At AEG, we're relentless in our pursuit of responsible design. Living more sustainably today, whilst setting new standards for tomorrow.

99%

99% of products with refrigerants have switched to **low global warming gases**.

64%

64% of electricity used in global operations is from **renewable** sources.

36%

36% reduction in emissions from our **operations** (scope 1 and 2) compared to 2021.

ZERO WASTE PLANTS

88% of our factories were "**Zero Waste to Landfill**" certified.

By focusing on our major impacts, we will prevent millions of metric tons of greenhouse gases from entering the atmosphere. This is our roadmap to become climate neutral throughout the value chain by 2050.

AEG

THE NEW AEG KITCHEN RANGE

Enter a world where beauty, sustainability, and groundbreaking innovation are at the heart of our appliances with the new AEG kitchen range. Experience the benefits of cutting-edge technology that adapts to your lifestyle, enhances your culinary skills with ease, and transforms the kitchen into a hub of efficiency and elegance, with no need to compromise.

Dishwashers

Several factors should be taken into consideration when selecting a new dishwasher. Space, capacity and smart programmes all influence which dishwasher you should select. AEG Dishwashers provide innovative features that make washing every glass, plate or pan that little bit easier.

Hobs

At AEG we believe that a hob should look as good as it performs. That's why all our hobs are crafted not only to elevate the dishes being cooked, but also provide exceptional flexibility whilst looking outstanding in every kitchen.

Hoods

Cooking environments need to be fresh, bright and peaceful, enriching the time spent there. We use advanced technology to ensure that the design and build of our cooker hoods give the optimum combination of high-end design and powerful functionality.

Ovens

However you like to cook and whatever your favorite dish, there's an AEG oven for everyone. Equipped with our advanced technology, every oven in our range makes it easy and enjoyable to prepare delicious meals.

Refrigeration

We know that flavour is all about freshness and how food is stored with the right humidity and temperature being vital. At AEG we have a flexible range of fridges and freezers to suit you, allowing the perfect solution for your kitchen design.

AEG

PEACE OF MIND BUILT IN

All our appliances featured within this brochure are available through our AEG Premier Partner retailers and are covered by our extended five year parts and labour warranty. During the warranty period customers are protected against the cost of parts, call-out and labour charges.

All work is carried out by our national network of approved AEG engineers.

FIVE YEAR Warranty

SMART COOKING AT YOUR FINGERTIPS

Designed to elevate your cooking experience, our new CookSmart Touch display simplifies selecting and optimising cooking settings. Effortlessly prepare healthy, flavourful dishes while being guided to save energy and achieve consistently perfect results.

Our intuitive CookSmart Touch user interface has also won a prestigious IF Design Award 2025.

DESIGN AWARD 2025

AEG

THE MATT BLACK COLLECTION

The Matt Black Collection from AEG brings together years of material engineering for an exclusive and premium execution. The quality of the materials are brought to life with architectural edges and tactile surfaces, with polished displays and interaction areas bringing new aesthetics and improved functionality to an increasingly sophisticated kitchen space.

Inspiration behind the design

“The matt glass fascia is created by an etching process, a technology from the architectural world. The matt texture has natural anti-fingerprint properties, which is tested to be much more resistant to stains and easier to clean, bringing an advanced level of performance.”

Terence Tan

Terence Tan, Senior Master Designer

CookSmart Touch

Swipe right for a cooking experience you’ll instantly fall in love with.

Introducing CookSmart Touch control. With a touchscreen that’s as easy to use as your phone, it’s like a pro chef at your command. Expanding your repertoire and removing the guesswork as you glide from kitchen to table.

AEG

SLEEK, GLOSSY BLACK DESIGN

High-gloss black for a minimalist design that matches your oven and other kitchen appliances.

AEG

COOK WITH CONFIDENCE. EVERY DAY.

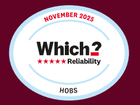
Designed to perform and built to last, our hobs deliver peace of mind with every meal. That's why we've been rated **five stars for reliability** by Which?.

★★★★★

AEG

SAPHIRMATT® HOBS, BEAUTY THAT LASTS

Enter a world where beauty and innovation are not at the expense of practicality, with our revolutionary SaphirMatt® Induction hobs. The sophisticated, sleek matt black glass finish not only delivers up to ten times the scratch resistance* compared to our standard ceramic hob surfaces, it also resists fingerprints and stains so you can spend less time cleaning and more time creating culinary masterpieces.



Fingerprint resistant

Up to 10x the scratch resistance*

*Abrasion test conducted externally per IEC 60068-2-70. Scratch visibility assessed internally comparing against our standard ceramic glass hobs without special treatment.

AEG

Design your kitchen layout exactly the way you want it. Never be restricted by a conventional hood again with an **AEG Extractor Hob**, bring a powerful induction hob and extractor fan together for full freedom and limitless options in the kitchen.

AEG

HOB, MEET HOOD

Fry, sauté, and boil but don't let steam get in the way when making your masterpiece. With **Hob2Hood®**, the hood adjusts itself based on what happens on the hob.
That way, steam disappears as soon as it appears, so you can focus on what's important: perfecting your dish. Why compromise on a kitchen that doesn't live up to your expectations.

AEG

EXTRACTOR HOBS. FAST, PERFECT INSTALLATION.

At AEG we aim to offer a Best-in-Class installation experience.

We are improving and renewing our domestic appliance installation process to ensure that installing our products is always as simple as possible.

3D models for both the extractor hobs and installation parts are available in 3D to use within kitchen design systems.

All hobs can now be installed in either the recirculating or duct out version. If installing the duct out version, you will need the ducting kit which can be seen on page 33.

FEWER INSTALLATION STEPS:

- Unpack and let's go
- Just 30 installation steps compared with 85 for previous AEG ComboHob
- Professional and faster than usual in the market

65 % less installation steps than previous model

SIMPLE

- Text-free installation instructions
- Only one person
- Less tools required
- Adapts rapidly to fitting situation

FLEXIBLE

- Suits all kitchen designs
- All AEG products are simple to install
- Fits in standard niches

DESIGNED FOR DESIGN

PERFECT FIT

EASY INSTALLATION

BEST SUPPORT

INSTALLATION OPTIONS:

RECIRCULATION VERSION

Recirculating air filters and cleans vapours using the two-in-one filter. The active charcoal filter in the two-in-one filter absorbs odours. Once cleaned, air returned to room.

DUCT OUT VERSION

Exhaust air filters vapours using grease filter. Filtered air is vented outside into open air.

RECIRCULATION

For recirculation of the air back into the kitchen

Installation sub-types

Ductless | Half-piping

Kitchen type supported by the installation

Ductless and Half-piping can support all kitchen types

DUCT-OUT

For exhaust of the air outside of the building/house

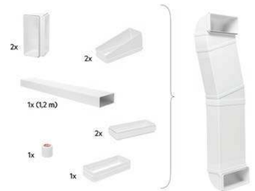
Installation sub-types

Close | Left or right | Down

Kitchen type supported by the installation

Close | Left or right | Down

INSTALLATION KITS



Ductless or Half Piping

M2CKCF01C

Half Pipe Installation Kit to complete a Half Pipe Recirculation Installation

Ducted Straight Down (back of unit)

M2CKCF18

UK Install Kit to complete a Duct Out Close Installation

Ducted Out Left/Right Orientation

M2CKCF19

UK Install Kit to complete a Duct Out Full Left/Right orientated Installation

PARTS INCLUDED WITH ALL EXTRACTOR HOBS

Grid, grease & carbon filters

A1

Blower Exit

A2

AEG

COOLING THAT ADAPTS TO YOU

AI COOLASSIST®

AI CoolAssist® intuitively adapts fridge settings to your daily routine – whether adding groceries or leaving for vacation.

AI CoolAssist® learns your habits to optimise cooling temperature, functions and saves up to 10% energy consumption*.

*Tested on 1780 CB MultiChill, 1780 CB TwinTech® NoFrost and 1225 Freezer NoFrost, comparing energy consumption at 25°C with AI CoolAssist® enabled Auto Vacation Mode versus factory default settings with AI CoolAssist® off. Actual energy saving may vary, depending on environmental temperatures and usage patterns.

AEG

MAGNIFICENT ALONE. MASTERFUL TOGETHER.

Enjoy stylish design symmetry and complementary care technologies when you partner your Washing Machine with its matching Tumble Dryer.
