Virtues of Corian®

WHETHER WORKING HARD ON AN EASY-CARE BENCHTOP OR ENDURING AS A DECORATIVE WALL DESIGN, CORIAN® IS THE EMBODIMENT OF GRACE UNDER PRESSURE.

WELCOMING SHAPE, PATTERN, LIGHT AND TECHNOLOGY, THIS HIGH-TECH SURFACE IS COMFORTABLE IN ALL KINDS OF ENVIRONMENTS, INTERIOR OR EXTERIOR, HUMID OR DRY, HYGIENE-CRITICAL OR HIGH-TRAFFIC.

SEAMLESS JOINS

Imagine never having to worry about a join position in your kitchen or bathroom surface! Corian® can be joined together seamlessly to create a one piece homogenous look. Ideal for large benchtops and islands.

NEVER PERMANENTLY STAIN

Your Corian® benchtop is there to be used and admired. Unlike many other benchtop surfaces, Corian® is non porous, everyday substances that can permanently stain and mark other surfaces can be used on Corian® with confidence.

FORMABLE

Boxes, squares, hard corners. That's the standard recipe for most benchtops, but not with Corian®. It can be formed to any shape with seamless joins offering you inspired designs in benchtops, splashbacks and waterfall ends.

TRANSLUCENT

The translucency of Corian® is especially striking in the lighter colours as well as thinner sheets. Many designers are now using the material to create lighting effects within the home.

REPAIRABLE

Accidental damage can usually be repaired on site without having to completely replace the benchtop.

10 YEAR WARRANTY

Corian® is backed by a 10-Year Limited Warranty when fabrication and installation are performed by a Certified Fabricator Installer.

Power up smart devices, wirelessly

Introducing the Corian® Charging surface.

On the outside, this is our signature, stylish Corian® solid surface. What makes this unique is what's underneath. Hidden from view is a transmitter that powers up smartphones, tablets and more, wirelessly.

HERE'S HOW TO WIRELESSLY CHARGE SMART DEVICES:

- 1 Select a Corian® surface colour from the hues and patterns available.
- 2 Decide where in your designs, a charging surface(s) will work best.
- 3 A Corian® fabricator * will install the device(s) along with the surface installation.
- 4 Once installed, place your wireless enabled device (or connect a wireless charging ring for non-wireless enabled devices) over the charging spot and power up begins automatically. Charging stops when battery is full.

It's that simple!
